PRE-ENROLMENT INFORMATION

To help students make an informed enrolment decision before enrolling in a qualification with Australian Vocational Training Academy (AVTA), students are required to attend a pre-enrolment consultation session provided by either an authorised AVTA Education Agent and/or a AVTA staff representative from the college.

During this Pre-Enrolment Consultation session, students will be provided with a comprehensive range of transparent, accurate, and complete information relevant to their intended course of study. This information is provided prior to completing and signing the Enrolment Application to guide students in making a formal decision that will reflect their existing skills and competencies and meet their needs.

Before signing any documents, students will be provided with a Pre-Enrolment Consultation Checklist. - Information about training and assessment

In addition, the communication channels used for conducting Pre-Enrolment Consultation sessions can be various, such as face-to-face, video conference, telephone call, or email.

The college will only confirm the intake of a qualification when it meets the minimum number of applications.
